Dear Shareholder

Non – Renounceable Entitlements Offer

Globe Metals & Mining Ltd ACN 114 400 609 (the “**Company**”) announces a non-renounceable entitlements offer (the “**Offer**”) to eligible shareholders. The Offer is fully underwritten by Apollo Metals Investment Company Limited (company number 1787009) and will raise a total of \$9.9 million (before costs of the fundraising).

The Offer is open to all eligible shareholders who have the right to subscribe for fully paid ordinary shares (“**New Share**”) at an issue price of \$0.045. Eligible shareholders will receive an entitlement to apply for 1 New Share for every 1 existing ordinary share (“**Share**”) held as at the record date of 29 October 2013. Shares purchased on market on or after the “Ex Date” of 23 October 2013 are not entitled to participate in the Offer. Investors should seek independent financial advice with investment strategies that suite their individual circumstances.

Entitlements to New Shares pursuant to the Offer are non-renounceable and accordingly, there will be no trading of rights.

Details of the Offer are contained in an ASX Appendix 3B which was released by the Company to the Australian Securities Exchange on 5 September 2013. Enclosed with this letter is a copy of that ASX Appendix 3B.

Further details of the Offer are contained in a Rights Issue Offer Document which will be released to the Australian Securities Exchange on or about 21 October 2013. The Rights Issue Offer Document will be available on ASX’s website and the Company’s website at www.globemetalsandmining.com.au.

The Company reserves the right to extend the Closing Date, in accordance with the requirements of the ASX Listing Rules. If the dates in the above timetable change, the Company will make an announcement to the ASX.

Application for New Shares under the Offer may only be made by completing the Entitlement and Acceptance Form which accompanies the Rights Issue Offer Document. Shareholders eligible to participate in the Offer should read the Rights Issue Offer Document carefully. For further information on the Offer you could contact your professional advisor.

Ineligible Foreign Shareholders

In accordance with ASX Listing Rule 7.7 and Section 9A of the Corporations Act, the Company advises that it has decided that it is unreasonable to make the rights issue offer to registered shareholders on the Record Date with a registered address outside of Australia, New Zealand or the British Virgin Islands (the “**Ineligible Foreign Shareholders**”), having regard to:

- (1) the number of shareholders in the place where the offer would otherwise be made;
- (2) the number and value of shares which the holders would otherwise be offered; and
- (3) the cost of complying with the legal requirements, and requirements of regulatory authorities, in each place.

The Company advises that it will not offer rights issue shares to the Ineligible Foreign Shareholders. Instead the Company will appoint an ASIC-approved nominee (the “**Nominee**”) in accordance with section 615 of the Corporations Act, to subscribe for the rights issue shares that Ineligible Foreign Shareholders would be entitled to if they were otherwise eligible to participate in the Offer (“**Nominee Shares**”). The Nominee will then sell the Nominee Shares and remit the net proceeds from the sale of the Nominee Shares to the Ineligible Foreign Shareholders in their respective proportions.

Any interest earned on the proceeds of the sale of the Nominee Shares will first be applied against expenses of the sale, including brokerage, and any balance will form part of the proceeds payable to the Ineligible Foreign Shareholders (if any) as described below.

The Company will forward the proceeds of the sale of the Nominee Shares (if any) as soon as reasonably practicable to the Ineligible Foreign Shareholders in proportion to their respective share holdings at the Record Date (after deducting the share subscription price, brokerage commission and other sale expenses).

If any such net proceeds of sale are less than the reasonable costs that would be incurred by the Company for distributing those proceeds, such proceeds may be retained by the Company. Notwithstanding that the Nominee may sell Nominee Shares, Ineligible Foreign Shareholders may nevertheless receive no net proceeds if the share subscription price plus costs of the sale are greater than the sale proceeds.

The Company will pay the Nominee a fee for its role in the subscription for and the sale of the Nominee Shares.

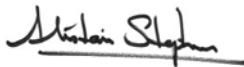

Purpose

The Company will use the funds to advance the optimization of the Kanyika project, assess strategic growth opportunities in the market for acquisitions and working capital. The Kanyika project requires a demonstration plant of an optimized process flow sheet to minimize project development and operational risks, and to be able to justify appropriate risk management that will allow access to debt funding. Without this risk management, there will be no access to debt funding. The Company believes that there are significant acquisition opportunities in the industry now that, with working capital, Globe can acquire and build on the company's assets. As this rights issue is underwritten, the Company has determined it best to raise money now to position the Company well for future development and growth.

Conclusion

The fund raising through a pro-rata rights issue is an equitable treatment of all Shareholders and will provide funds needed for the strategic objectives of the Company.

We look forward to your continuing support of the Company.

Calculation of placement capacity under rule 7.1 and rule 7.1A for eligible entities

Introduced 01/08/12 Amended 04/03/13

Part 1

Rule 7.1 – Issues exceeding 15% of capital	
Step 1: Calculate “A”, the base figure from which the placement capacity is calculated	
Insert number of fully paid +ordinary securities on issue 12 months before the +issue date or date of agreement to issue	
<p>Add the following:</p> <ul style="list-style-type: none"> • Number of fully paid +ordinary securities issued in that 12 month period under an exception in rule 7.2 • Number of fully paid +ordinary securities issued in that 12 month period with shareholder approval • Number of partly paid +ordinary securities that became fully paid in that 12 month period <p><i>Note:</i></p> <ul style="list-style-type: none"> • <i>Include only ordinary securities here – other classes of equity securities cannot be added</i> • <i>Include here (if applicable) the securities the subject of the Appendix 3B to which this form is annexed</i> • <i>It may be useful to set out issues of securities on different dates as separate line items</i>

Step 2: Calculate 10% of “A”	
“D”	<p>0.10</p> <p><i>Note: this value cannot be changed</i></p>
Multiply “A” by 0.10	
Step 3: Calculate “E”, the amount of placement capacity under rule 7.1A that has already been used
