ASX/Media Announcement

Institutional Roadshow & Investor Forums

Globe Metals & Mining Limited (“**Globe**” or “**the Company**”; ASX: GBE) is pleased to advise that it will be conducting investor forums to give individual shareholders, institutional investors, brokers and financial advisers the opportunity to discuss with Company representatives the proposed strategic alliance and A\$47.85m fund raising with East China Mineral Exploration and Development Bureau “**ECE**”). Senior representatives of ECE will also be in attendance.

Dates

- Perth – Monday, 21 March 2011 (morning)
- Melbourne – Tuesday, 22 March 2011 (morning)
- Sydney – Tuesday, 22 March 2011 (afternoon)
- Hong Kong – Thursday, 24 March 2011 (morning)

Notification of Interest

Interested shareholders should contact the Company’s Chief Financial Officer & Company Secretary, Mr. Bradley Wynne, via email on bradley.wynne@globemetalsandmining.com.au to indicate their interest in attending. Venues and exact times are currently being scheduled, and these will be relayed as soon as available.

Please include relevant share registration details (if any) when contacting the Company.

About Globe Metals & Mining

Globe is an African-focused resource company. Its main focus is the multi-commodity (niobium, uranium, tantalum and zircon) Kanyika Niobium Project in central Malawi. A feasibility study was commissioned in August 2009 and production is planned to commence in 2013 at a rate of 3,000tpa niobium metal, principally in the form of ferro-niobium.

Globe also has a number of other projects at an earlier stage of development: it is earning up to an 80% interest in the Machinga Rare Earth Project in southern Malawi from Resource Star Limited (ASX: RSL), and the Company can earn up to a 90% interest in the Mount Muambe Fluorite-Heavy Rare Earth Project in Mozambique. Initial drill programs on both projects were undertaken in 2010.

Globe manages its projects from its regional exploration office in Lilongwe, the capital of Malawi. The Company has been listed on the ASX since December 2005 (ASX: GBE), and has its corporate head office in Perth, Australia.
