10. RESOLUTION 9: ISSUE OF INCENTIVE OPTIONS TO MR MARK SUMICH

10.1 Background to Resolution 9

The Company proposes to grant a total of:

- (a) 500,000 Incentive Options each having an exercise price of \$0.001 and an expiry date of 1 July 2013 vesting on 30 June 2013 provided the Managing Director is employed by the Company as at that date (**Class A Incentive Options**);
- (b) 500,000 Incentive Options each having an exercise price of \$0.001 and an expiry date of 1 July 2013 vesting where the volume weighted average price (**VWAP**) of Globe ordinary shares over fifteen (15) consecutive trading days on the ASX is equal to or greater than A\$0.60 prior to 30 June 2013 providing the Managing Director is still employed at that date (**Class B Incentive Options**);
- (c) 500,000 Incentive Options each having an exercise price of \$0.001 and an expiry date of 1 July 2013 vesting where the VWAP of Globe ordinary shares over fifteen (15) consecutive trading days on the ASX is equal to or greater than A\$0.80 prior to 30 June 2013 providing the Managing Director is still employed at that date (**Class C Incentive Options**);
- (d) 500,000 Incentive Options each having an exercise price of \$0.001 and an expiry date of 1 July 2013 vesting where the VWAP of Globe ordinary shares over fifteen (15) consecutive trading days on the ASX is equal to or greater than A\$0.90 prior to 30 June 2013 providing the Managing Director is still employed at that date (**Class D Incentive Options**);

- (f) 2,000,000 Incentive Options each having an exercise price of \$0.001 and an expiry date of 1 July 2014 where the Company completes an acquisition transaction with a value of at least A\$15 million, or completes the Kanyika DFS on or before 30 June 2014 providing the Managing Director is still employed at that date (**Class F Incentive Options**),

to Mark Sumich (or his nominees) (together "**Incentive Options**"). The terms of the Incentive Options are set out in Annexure B to this Explanatory Statement.

The Incentive Options are proposed to be issued to Mr Mark Sumich (or his nominees), the Managing Director, in recognition of services provided or to be provided and his personal contribution to the Company. The grant of Incentive Options encourages Mark Sumich to have a greater involvement in the achievement of the Company's objectives and to provide an incentive to strive to that end by participating in the future growth and prosperity of the Company through share ownership. Under the Company's current circumstances the Directors consider (in the absence of Mark Sumich) that the incentives intended for Mark Sumich represented by the grant of these Incentive Options are a cost effective and efficient means for the Company to provide a reward and an incentive, as opposed to alternative forms of incentive, such as the payment of additional cash compensation.

The number of Incentive Options to be granted to Mark Sumich has been determined based upon a consideration of:

- (a) the remuneration of the Directors;
- (b) the Directors' wish to ensure that the remuneration offered is competitive with market standards. The Directors have considered the proposed number of Incentive Options to be granted will ensure that the Participating Directors' overall remunerations is in line with market standards; and
- (c) incentives to attract and ensure continuity of service of directors who have appropriate knowledge and expertise.

In the event the Incentive Options are exercised, \$10,000 will need to be paid to the Company by Mark Sumich.

10.2 Related Party Transactions Generally

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of the public company unless either:

- (a) the giving of the financial benefits falls within one of the nominated exceptions to the provision; or
- (b) shareholder approval is obtained prior to the giving of the financial benefit and the benefit is given within 15 months after obtaining such approval.

For the purposes of Chapter 2E of the Corporations Act, Mark Sumich is considered to be a related party of the Company. Resolution 9 provides for the grant of Incentive Options to Mark Sumich which is a financial benefit which requires shareholder approval.

Information requirements

For the purposes of Chapter 2E of the Corporations Act the following information is provided.

(a) The related party to whom the proposed Resolution would permit the financial benefit to be given

Subject to Shareholder approval, the maximum number of Incentive Options that will be granted to Mark Sumich or his nominees is 10,000,000.

(b) The nature of the financial benefit

The proposed financial benefit to be given is the grant of Incentive Options for no consideration to Mark Sumich as noted above.

(c) Directors' Recommendations

Shao Yi, William Hayden, Shasha Lu, Peter Stephens, Tian Jingbin and Dr Julian Stephens (who have no interest in the outcome of Resolution 9) recommend that the Shareholders vote in favour Resolution 9. Mark Sumich declines to make a recommendation in regards to Resolution 9 as he has a material personal interest in the outcome of that particular Resolution as it related to the proposed grant of Incentive Options to him or his nominees.

(d) Any other information that is reasonably required by the Shareholders to make a decision and that is known to the Company or any of its directors.

The proposed ordinary Resolution 9 would have the effect of giving power to the Directors to grant a total of 10,000,000 Incentive Options on the terms and conditions as set out in Annexure B to this Explanatory Statement and as otherwise mentioned above.

The Company currently has 223,909,805 listed Shares, 1,500,000 unlisted Class A Performance Shares, 3,000,000 unlisted Class B Performance Shares and the following unlisted Options on issue:

Number	Exercise Price	Expiry Date
600,000	\$0.15	20 July 2013
600,000	\$0.15	29 November 2014
500,000	\$0.26	29 November 2014
350,000	\$0.30	1 September 2014
200,000	\$0.25	26 October 2013
200,000	\$0.25	26 October 2013
400,000	\$0.25	1 March 2013
600,000	\$0.345	30 June 2014

If all Incentive Options granted as proposed above are exercised, and assuming all existing Options on issue have been exercised, the effect would be to dilute the share holding of existing shareholders by 4.1%. The market price of the Company's Shares during the period of the Incentive Options will normally determine whether or not Mark Sumich exercises the Incentive Options. At the time any Incentive Options are exercised and Shares are issued pursuant to the exercise of the Incentive Options, the Company's Shares may be trading at a price which is higher than the exercise price of the Incentive Options.

Mark Sumich's fees per annum (including superannuation) and the total financial benefit to be received by him in this current period as a result of the grant of the Incentive Options the subject of Resolution 9 are as follows:

Director	Fees p.a. (\$)	Value of Incentive Options (\$)	Total Financial Benefit (\$)
Mark Sumich	415,000	1,283,000	1,698,000

The indicative option valuation of \$0.1283 is a theoretical valuation of each option using the Black and Scholes Option Pricing Model.

Valuation of Incentive Options

The Company's advisers have valued the Incentive Options to be granted to Mark Sumich using the Black & Scholes Model. The value of an option calculated by the Black & Scholes Model is a function of a number of variables. The valuation of the Incentive Options has been prepared using the following assumptions:

Class of Incentive Options	Variables	Inputs	Value
A	Share price Exercise price Risk Free Interest Rate Volatility Time (years to expiry)	\$0.17 \$0.001 3.64% 95% One and a half	\$0.219 each
B	Share price Exercise price Risk Free Interest Rate Volatility Time (years to expiry)	\$0.17 \$0.001 3.64% 95% One and a half	\$0.109 each
C	Share price Exercise price Risk Free Interest Rate Volatility Time (years to expiry)	\$0.17 \$0.001 3.64% 95% One and a half	\$0.091 each
D	Share price Exercise price Risk Free Interest Rate Volatility Time (years to expiry)	\$0.17 \$0.001 3.64% 95% One and a half	\$0.083 each
E	Share price Exercise price Risk Free Interest Rate Volatility Time (years to expiry)	\$0.17 \$0.001 3.64% 95% Two and a half	\$0.099 each
F	Share price Exercise price Risk Free Interest Rate Volatility Time (years to expiry)	\$0.17 \$0.001 3.64% 95% Two and a half	\$0.219 each

The Company's advisers have calculated the value of each option based on the following assumptions:

- they have based the underlying value of each share in the Company on the ASX closing price of \$0.17 on 10 October 2011;
- risk free rate of return – 3.64% (estimated, based on the Australian Government 3 year bond rate);
- they used a volatility of the share price of 95% as determined from the daily movements in share price over the last 12 months, adjusted for abnormal trading.

Based on the assumptions, it is considered that the estimated average value of the Incentive Options to be granted to Mark Sumich is \$0.1283 per Incentive Option.

Any change in the variables applied in the Black & Scholes calculation between the date of the valuation and the date the Incentive Options are granted would have an impact on their value.

The following table gives details of the highest, lowest and latest closing prices of the Company's Shares trading on ASX over the past 12 months ending on 18 October 2011:

Highest Price (cents) / Date	Lowest Price (cents) / Date	Latest Price / Date
\$0.51 19 October 2010	\$0.15 3 October 2011	\$0.165 on 18 October 2011

Other Information

Under the Australian Equivalent of IFRS, the Company is required to expense the value of the Incentive Options in its statement of financial performance for the current financial year. Other than as disclosed in this Explanatory Statement, the Directors do not consider that from an economic and commercial point of view, there are any costs or detriments including opportunity costs or taxation consequences for the Company or benefits foregone by the Company in granting the Incentive Options pursuant to Resolution 9.

Neither the Directors nor the Company are aware of other information that would be reasonably required by shareholders to make a decision in relation to the financial benefits contemplated by the proposed resolutions.

10.3 Listing Rule 10.11

Listing Rule 10.11 requires a listed company to obtain shareholder approval by ordinary resolution prior to the issue of securities (including an option) to a related party. Accordingly, Listing Rule 10.11 requires Shareholders to approve the grant of incentive options to Mark Sumich.

Additional Information

For the purposes of Listing Rule 10.13, the following information is provided to Shareholders in relation to the Incentive Options to be granted pursuant to Resolution 9:

- (a) the Incentive Options will be granted to Mark Sumich or his nominees;
- (b) the maximum number of securities to be issued by the Company under Resolution 9 is 10,000,000 Options each exercisable at \$0.001 and expiring on 1 July 2013 for the Class A, B C and D Incentive Options and 1 July 2014 for Class E and F Incentive Options;
- (b) the Incentive Options will be allotted and granted on a date which will be no later than 1 month after the date of this Meeting, unless otherwise extended by ASX granting a waiver to the Listing Rules, however the Incentive Options will only vest after the vesting conditions for each class of options is met;
- (c) the Incentive Options will not be issued for cash consideration;
- (d) the Incentive Options will be issued on the terms and conditions set out in Annexure B; and
- (e) no funds will be raised from the issue of the Incentive Options. Funds will be raised on the eventual exercise of the Incentive Options, which will be used by the Company for working capital, however, there is no guarantee that the Incentive Options will be exercised at any future time.

If approval is given for the issue of the Incentive Options under Listing Rule 10.11, approval is not also required for the purposes of Listing Rule 7.1.

Voting

Note that a voting exclusion applies to Resolution 9 in the terms set out in the Notice of Meeting. In particular, the directors and other Restricted Voters may not vote on this Resolution and may not cast a vote as proxy, unless the appointment gives a direction on how to vote or the proxy is given to the Chair and expressly authorises the Chair to exercise your proxy even if the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel. The Chair will use any such proxies to vote in favour of the Resolutions.

Shareholders are urged to carefully read the proxy form and provide a direction to the proxy on how to vote on these Resolutions.

11. RESOLUTION 10: INCREASE IN NON EXECUTIVE DIRECTOR FEE POOL

11.1 Background to Resolution 10

Resolution 10 seeks shareholder approval for the purposes of Listing Rule 10.17 and for all other purposes, for the Company to be authorised to increase the aggregate amount of fees paid to Directors by \$150,000 from \$150,000 per annum to an aggregate amount of \$300,000 per annum.

The Board considers that it is reasonable and appropriate at this time to seek an increase in the remuneration pool for Non-Executive Directors on the basis that if all six non-executive directors elect to receive remuneration, an increase in the Directors' Fee Pool is required. The increased Directors' Fee Pool will ensure the Company is well placed to appoint suitable non-executive directors with the commensurate skills and industry experience. In summary, the proposed increased aggregate amount will:

- (a) provide scope for additional directors to join the Board at appropriate times;
- (b) allow greater flexibility with respect to individual director's remuneration;
- (c) increase the potential for the Board to be able to both retain and attract further appropriately qualified directors, by increasing the benchmark remuneration of the Company's directors;
- (d) provide an incentive for the directors to strive for greater Company success;
- (e) in the opinion of the Board, see the aggregate available remuneration level of the Company become consistent with that available for similarly sized companies; and
- (f) be an appropriate quantum in recognition of the increased responsibility and liability the directors have and continue to attract as members of the Board of a continuous disclosing entity.

The maximum aggregate fees payable to Directors have not been increased since it was set at \$150,000 prior to the Company listing on the ASX in 2005.

It is not intended to fully utilise the increased aggregate fees in the immediate future.

The remuneration of each Director for the year ended 30 June 2011 is detailed in the Company's 2011 Annual Report.

The directors unanimously recommend shareholders vote in favour of this resolution. All directors and their associates are excluded from voting on the resolution.

Voting

Note that a voting exclusion applies to Resolution 10 in the terms set out in the Notice of Meeting. In particular, the directors and other Restricted Voters may not vote on this Resolution and may not cast a vote as proxy, unless the appointment gives a direction on how to vote or the proxy is given to the Chair and expressly authorises the Chair to exercise your proxy even if the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel. The Chair will use any such proxies to vote in favour of the Resolution.

Shareholders are urged to carefully read the proxy form and provide a direction to the proxy on how to vote on this Resolution.
