

# ASX Media Announcement

10 July 2013

## Globe Appoints the CEO as Managing Director

Globe Metals & Mining (“**Globe**” or “**the Company**”; ASX:GBE) is pleased to announce that it has appointed Alistair Stephens as the Managing Director of Globe with effect from 8 July 2013.

Mr Stephens was appointed Chief Executive Office on 20 May 2013 to lead the next stage of projected growth of the Company.

Chairman, Mr Yi Shao said “Since Mr Stephens joined Globe as CEO, he has provided a steadying influence and achieved the stabilisation of the Company through his strong leadership. Now the Board is delighted with the appointment of Mr Stephens as the Managing Director.”

“The Board believes the appointment of a Managing Director with a strong track record of successful rare metals project development and financing is an important and timely step for the Company to further develop the Kanyika Niobium Project and evolve from an explorer to a producer. The Board is confident that Mr Stephen’s extensive experience will support Globe’s operational and corporate growth objectives aimed at enhancing shareholder value.”

## About Globe Metals & Mining

Globe is an African-focused resources company, with a strategy to become the major niobium and tantalum producer in southern and eastern Africa.

Globe's primary focus is the advanced multi-commodity Kanyika Niobium Project in Malawi, which will produce niobium and tantalum products; key additives in sophisticated steels and electronics. The recently released Mineral Resource statement indicates Kanyika could support a 20 year mine life.

Globe's corporate head office in Perth, Australia is supported by regional operational offices in Lilongwe and Maputo. The Company has been listed on the ASX since December 2005 (ASX:GBE).

In April 2011, the Company entered into a strategic partnership with East China Mineral Exploration and Development Bureau (ECE), a Chinese State Owned Enterprise with extensive mining operations in China and overseas. ECE is the major shareholder in Globe, and a key partner for Globe's exploration and development program in Africa.
